

Albany County's 2018 Back to School Supply Drive

Albany County's 15th annual Back to School Supply Drive is underway. The annual ritual of gathering school supplies has evolved into a sizeable financial burden, and even more so for the families served by the Albany County Department for Children, Youth and Families. We need your help to equip many of these children with the needed tools to start their school year with confidence. Please take a minute and pick up a few extra supplies to help one of these students.

Your support will mean a lot.
