Requesting Department: Social Services
Vendor: The Altamont Program

Scope of Services Authorization is requested to amend the current contract to allow for a no cost extension to spend down remaining dollars. This no cost extension is being granted as State budget concerns delayed funding for the

current contract, causing a delay of approximately 7 months in contract completion.

NYSOTDA released additional information for local districts with approved SFY 2010-11 Green Jobs Programs funding. Statewide, a total of an additional \$2.1 million in Temporary Assistance for Needy Families (TANF) funds is awarded to districts to support comprehensive employment services to continue the Green Jobs Corps 2 Program, designed to provide education, training and subsidized employment placements of up to 35 hours a week in "green" jobs such as, but not necessarily limited to, those in the field of weatherization, energy efficiency, environmental conservation, renewable energy and natural resource preservation and beautification. According to the additional funding award guidelines, the additional amount of the amended grant for Albany County is \$94,870 for a total grant allocation of \$180,070 from 1/1/11-

6/30/12.

Amendment #1 authorized a contract with The Altamont Program to extend this contract to continue funding

for the Green Job Corp 2 Program in Albany County from 9/30/11 until 6/30/2012.

The Altamont Program Green Jobs 2 Corps Program will continue to provide 75-80 public assistance recipients and other low income individuals with employment opportunities in "green" jobs. Of this total, 49 public assistance recipients and/or other low income individuals will be placed in subsidized employment. The remainder of those who complete Green Jobs Training are expected to be placed in unsubsidized

employment.

The Altamont Program, under the Green Jobs Program, has served a total of 68 clients to date.
