Department of Public Works to Host Public Meeting for the Albany County Rail Trail Bridge Project

The Albany County Department of Public Works will host an informational public meeting seeking input on proposals to provide a solution to issues related to the Albany County Rail Trail Bridge over New Scotland Road (NY Route 85). The forum is scheduled for Wednesday, May 1 from 6pm to 8pm at the Slingerlands Firehouse, 1520 New Scotland Road, Slingerlands, NY 12159.

Possible projects seek to address structural issues related to the existing Rail Trail Bridge to improve traffic and safety conditions for drivers, cyclists and pedestrians alike along the road and trail. Those in attendance will be able to learn about the findings of the engineering investigation conducted by M.J. Engineering and Land Surveying, P.C. There will be time for a facilitated question and answer session at the end of the meeting with opportunities for the public to provide written comments as well.
