

# SOIL AND WATER CONSERVATION DISTRICT-8730

## MISSION

The mission of the Albany County Soil and Water Conservation District is to improve local land management practices and provide technical assistance to residents, landowners and units of government throughout Albany County.

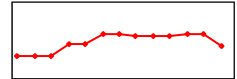

## ABOUT OUR DEPARTMENT

Established in 1945 by County Resolution, the Albany County Soil and Water Conservation District has served the community in the preservation of its natural resources for over 60 years. The District is governed by a five-member Board of Directors appointed by the Albany County Legislature. The Board is composed of two County Legislators, two practical farmers, one representing the Grange, the other representing the Farm Bureau, and one member appointed from the County at large representing the urban, suburban and rural non-farmland ownership interests. The District is committed to providing technical assistance to the residents of Albany County in the areas of soil, water and other natural resource issues.

## DEPARTMENT HIGHLIGHTS

The Executive budget proposes funding consistent with 2010.
