V. DATA COLLECTION, PLANNING AND PUBLIC OUTREACH

Albany County promotes full and fair participation by all segments of the population including minority, low-income communities and populations that are limited English proficient.

Title VI, one of the primary federal nondiscrimination laws, prohibits discrimination on the basis of race or national origin in the provision of any services that are at all supported with federal funds. Title VI is a valuable tool not only to redress past discrimination, but also to monitor ongoing practices. Title VI provides a legal foundation for the collection of racial, ethnic and primary language data from recipients of federal financial assistance even when a specific statutory requirement to collect this data does not exist.

Public meetings are held in ADA accessible locations. Where possible, meetings are planned in locations that align with public transportation route schedules.

If a member of the public requests assistance with reading the minutes, understanding the content of the meeting or providing information for project planning and development, the individual should be referred to the Title VI Coordinator who will then make the necessary arrangements.

Albany County has an ADA Transition Plan that will be reviewed biannually by the Department of Public Works and the Department of General Services, and updated as necessary. The ADA Transition Plan will be made available to the public on the County's website, http://www.albanycounty.com/Government/Departments/DepartmentofHumanResources/DivisionofAffirmativeAction.aspx, under Title VI plan. A copy of the ADA Transition Plan is attached as Appendix C.

Whenever there is a transportation project, planning and designing services will be provided by qualified consultants who are required to review and analyze demographic data including but not limited to race, color, national origin, sex, low income and limited English proficiency. Projects designed must be in compliance with all ADA and Title VI regulations. These project designs will be reviewed and approved by state and federal agencies prior to construction.
Limited English Proficiency (LEP)

On August 11, 2000, President William J. Clinton signed an executive order, Executive Order 13166: Improving Access to Service for Persons with Limited English Proficiency, to clarify Title VI of the Civil Rights Act of 1964. It had as its purpose, to ensure accessibility to programs and services to otherwise eligible persons who are not proficient in the English language.

Albany County strives to serve its population to the best of its ability. According to the U.S. Census Bureau, the percentage of LEP population in Albany County recorded during the 2010 Census is approximately 3.9 percent. The largest LEP population is speakers of Spanish which represent 1 percent of the LEP population in Albany County. To accommodate these individuals, Albany County provides, upon request, services to assist the LEP population including translation of vital documents, interpretation services, and alternative public outreach media. Language cards have been provided to each department for assistance in providing services to limited English proficiency individuals. Progress is still being made to fully serve the entire Albany County community.

ADA TRANSITION PLAN

The County of Albany
Americans with Disabilities Act (ADA) Transition Plan: Pedestrian Facilities in the Public Right-Of-Way

Introduction
The purpose of this Plan is to ensure that the County of Albany creates reasonable, accessible paths of travel in the public right-of-way for everyone, including people with disabilities. The County of Albany has made a significant and long-term commitment to improving the accessibility of their pedestrian facilities. The County's ADA Transition Plan will identify physical barriers and prioritize improvements that should be made to County-owned pedestrian facilities throughout the County of Albany. This Transition Plan will describe the existing policies and programs to enhance the overall pedestrian accessibility.

Legal Requirements
The federal legislation known as the American with Disabilities Act (ADA) enacted on July 26, 1990 provides comprehensive civil rights protections to persons with disabilities in the area of employment, state and local government services, and access to public accommodations, transportation and telecommunications. The County will follow ADA standards established by the State of New York.

Title II specifically applies to "public entities" (state and local governments) and the programs, services and activities they deliver. Title II Article 8, requires public entities to take several steps designed to achieve compliance. The County's ADA Transition Plan will, at a minimum, include:

1. A list of the physical barriers in County-owned pedestrian facilities that limit the accessibility of its programs, activities, or services to individuals with disabilities.

2. A detailed outline of the methods to be utilized to remove these barriers and made the facilities accessible.

3. The schedule for taking the necessary steps to achieve compliance with Title II.
The Albany County Commissioner of Public Works is responsible for the plan's implementation. The County is in the process of identifying and assessing obstacles in the public right-of-way through the use of an Inventory Tool. Barrier Removal Priorities based on location priority and accessibility conditions will be part of the inventory process. It is very important that the public be aware that their involvement in this plan is a valuable component to the County in compiling a workable plan of compliance. The Public's involvement is solicited in developing the ADA Transition Plan.

APPENDIX E
COUNTY OF ALBANY - TITLE VI PUBLIC PARTICIPATION PLAN

When the County of Albany accepts funding for and undertakes a Federally Funded project, we comply with all Federal and State requirements with regard to Public Participation. All required environmental permits are applied for through a joint permitting process. Public information about the proposed action is distributed and posted, if required. Likewise, a Public Information Meeting is held if required by the proposed action.

The Public Participation Plan provides a philosophy around which to build a County wide transportation participation program that will accomplish the following goals:

Communicate effectively with appropriate audiences. The County will disseminate information about programs and projects through a variety of conduits. Information will be presented in a manner that is clear and tailored to each of the County's constituencies.

Provide clear and open access to information and participation opportunities. The County will work to improve access to technical and planning documents and where appropriate, tailor these documents to be accessible to more constituencies. Opportunities for participation in County meetings and in committee meetings will be clearly defined and provided for at each meeting.

Gather input from diverse perspectives. The County will continue to encourage participation from diverse constituencies and to provide forums for discussion about transportation issues that are responsive to the interests of different constituencies.

Respond meaningfully to public comment and feedback. The County will provide information on how comments will be considered in the planning process, including the development of the County's Long Range Transportation Improvement Program, and acknowledge that comments were received and considered.

Promote a regional perspective. The County will communicate how regional transportation planning plays a vital role in coordinating planning activities on many levels.
