

## **Albany County Traffic Safety Board**

The Albany County Traffic Safety Board is comprised of a minimum of ten appointed members who have interest in traffic safety and traffic problems in Albany County. The objective of the board is to identify, address, and evaluate traffic safety issues relating to the improvement of the public safety for the citizens and visitors of Albany County. The Traffic Safety Board may also apply for, receive, and administer various grants that may be available to support the mission.

### ***Mission Statement***

“It shall be the mission of the Albany County Traffic Safety Board (ACTSB) to identify, address and evaluate traffic safety issues as they relate to the improvement of public safety to the citizens and visitors of Albany County.”

The ACTSB is an alliance of concerned community citizens and traffic safety professionals working together. The board is committed towards promoting safer roadways with the emphasis of saving lives, reducing personal injuries and improving the quality of life.

In support of the above mission, the ACTSB will:

- Maximize available resources for safer roadways
- Strive to enhance quality of life by reducing motor vehicle and pedestrian crashes.
- Promote and enhance enforcement, education, engineering and evaluation programming
- Promote and enhance an ethical code of responsibility for motor vehicle operators, bicyclists and pedestrians who share our roadways.
- Promote, encourage and support the interest of all residents in Albany County
- Develop and expand partnerships with other regions in the area of traffic enforcement and safety awareness

Traffic Safety Board Meetings are held monthly and are open to the public. Please check the link below for calendar dates, times, and locations.

For more information, please call (518) 720 – 8100.
