Pistol Permit Recertification

Changes to New York State firearms law require pistol permit holders to recertify their permit every five years. You are required to confirm certain information such as your name, the current address of your residence, your date of birth, and a list of all pistols and revolvers you currently possess. This also includes the make, model, caliber and serial numbers of each pistol/revolver.

Pistol / Revolver License Holder FAQs

The following FAQs apply to the pistol / revolver license recertification required by New York State Penal Law 400.00 subsection 10(b).

(These FAQs are not applicable to the Westchester County recertification process. For information about the Westchester County recertification process, please contact the Westchester County licensing authority.)

Pistol / Revolver License Recertification General Questions:

Q: How will I know when to recertify my pistol / revolver license?

A: Pistol / Revolver License holders with licenses issued before January 15, 2013 may recertify now. If your permit was issued before January 15, 2013, the deadline to submit your recertification is January 31, 2018.
